The nixipi Lab Constitution
forked from “DIY Art and Craft” organization of the month document

Purpose:
- A place that will provide the tools and support for creative projects, primarily electronics based.

Events:
- Open lab sessions
- Short general meeting followed by workshops
- Lectures, where guest speakers and presentations are held.

Goals:
- Culture for UCI geeks
- Involve students in hands on projects with low barrier to entry

Struggles:
- Getting students involved and doing projects
- Maintaining safety and security
- Balancing exclusivity and how open we are to share with the public
- Acquire initial capital and funding in order to do projects

Meeting Time & Location:
- Tuesday, in the lab

Notable Achievements:
- TBA

What makes nixipi special:
- We have a workshop that allows students to come in and make something neat & intriguing
