

## UROP Grants/Fellowships Summary Tables

[See UROP Grant Recipients](#)[Download Printable Version](#)

UROP provides funding in support of faculty-mentored undergraduate research projects through two calls for proposals—in the fall and spring quarter of each academic year. The funds support research-related expenses and supplies and some travel, but do not support salaries and stipends or major travel expenses. UROP's first Call for Proposals was in Spring 1996. Awards are based on recommendations by the UROP Faculty Advisory Board and available funds.

The following tables provide summary information on the number of proposals submitted and funded, amount of funding requested and awarded by school for each call since spring 1996. The table below is a summary of the data for all of UROP's Calls for Proposals.
